QUARTERY REPORT

The executive opened up two accounts as here mentioned

- a) Post bank executive account 1330039000133
- b) Equity Bank Donations Account

The C/man rebounded back to part of the security management after the miss management of Mr. Lawrence Ssaka who betrayed his post duties, and Complicated his administrative ability with a conduct of boozing and mis location and handling of mediations as he was single at the duty assigned to him then.

Bulungi bwansi went on by the executive and an advancement to cleanliness has been observed and practiced within the Village and its sorroundings/neighbourhood.

06 – Dec – 2019 – Here comes the Village Council which was also credible for the Village good and this was the closure of the year 2019 treaming security, communal hygiene, and their festive season, elections 2020-21 and the rainy season.

12 – 01 – 2020 Opening village council which was bound with almost 243 attendants of whom supported the resuming of Mayanja channel dredging and at this juncture the executive and the finance committee collected more than 3700000= and we managed to dredge and reach the Bunamwaya – Ndejje road bridge of which we managed to also lobby and fix 3metalic 120mm x 7 $\frac{1}{2}$ mtrs culvert lines through Mayor Gerald Lumbuye , Hon. Faridah Kyeyune and Hon. Kawere Vicent plus the Municipal Engineer Ndiwalana Geoffrey where we shall not forget Eng. Nabbosa of UNRA head office who pledged and contributed us culverts in peaces. Here ,we Kirimanyaga leadership , youths and residents managed to compile and set these culvert peaces to make seven and half metres.

This is where we wait for shoulder fixing with cement and stone pitching plus return a dredge proceeding at Mayanja Channel where we started before, up to where it goes through.

Feb – 28 – 2020 the husband of M/s Namaganda Sarah our acting Office administrator died misteriously and was buried at Kabaale bugonzi (Kamutuuza) and on 29th – of same

Month we also buried the Father of Mr. Kalule Harron at almost the same place in the same village and on the same day.

11th – August here the executive cries foul after the accident to Hajat Halima T Lubega the Vice C/person of whom brought her almost to death.

Here she was rushed to where she didn't get help and later reverted to Doctor's Hospital for the first aid and then forwarded to Nsambya Hospital where she stayed for eight days and after was transferred to Naggulu Hospital for further Medication which helped her life to revert back.

Several times the executive have been receiving animal reports i.e Goats, Pigs, Cows those caught by residents gardens here. Also managed to clear out stray dogs in and around the village.

We / the executive managed to lobby for the dog immunization in Kirimanyaga and Zana

Several residents passed on in this Corvid period but the Lord kept us and brought the executive capably lobby for 2.55 tones of posho from the Inter Religious.Council of whom we picked and distributed this food in installment starting with 300kgs + 400kgs+ 500 kgs+ 400kgs + 500kgs + 450kg plus some milk, beans and cooking oil plus soap.

We shall remember that this food was only distributed to not beyond 450residents which is below a quarter of the Village and this food was supplied on only gettorised areas of those who conjestly reside within this corridor and this was the summary to those roughly interpreted residents of whom couldn't even manage themselves manually.

We also lobbied a chance of getting masks of whom we managed to acquire 12000pcs of masks where most of the households managed to receive at least a mask per head.

In Corvid session we managed to deliver the following;

- a) Two genuine general cleanings days within our Village making it ourselves plus village mates and not only this but also used the Road Gang who helped the clearance of road side trenches.
- b) Managed to compile efforts that we dredged Mayanja channel and also fixed culverts to join Bunamwaya – Ndejje Rd and now the road and the channel which has given the area relief that at whatever rain follen since April 2020 up to date it has not given us hard task.

We also managed security and it's maintenance to all villagers of which no alarm was recalled /heard with in our area and part of the neighbourhood.

We regret to inform the Community for their follen Senior residents as follow;

1. Mzee Ntaaki Marton
2. Mzee Nabeeta S. Steven

Went through Campaigns on 09th – Nov. – 2020 with the below listed;

- ❖ Lugobe James – who won the NRM candidate at Division level.
- ❖ Nakigudde Agnes – who was overturned with ballot paper information of which brought her fail
- ❖ Nantege Juliet Tamale – who was also unflated down
- ❖ Nakasagga Maria was also brought down .

All these were on Democratic Party Ticket

We made bulungi bwansi around Kirimanyaga and Zana cells in support by CEPSCOM / ZENZERO on the 08 – 03 – 2021 where we managed to assure ice –cream to not below 330 attendants of whom we were helped with school children from Pioneer Kindergarten, Zana Parent Sch, Anna and Tonny Primary Sch, and St. John Nursery & Pri Sch.

We are grate full that as we requested for support they fully responded and participated positively and brought in staffs also to proceed with the general cleaning campaigning.

Due to several references the Office has managed to compile and engage the area OC-CID and other operatives after diversionary statements from O.C- CID insulting her workmates in front of culprits in cells and within the community which made leaders and senior residents around our area who also supports us technically. Like counsellor Adeke Miria who has been a security community member – Kirimanyaga.

We have noticed that several mistakes have been made by senior officers and rectification has not been observed as per the resolutions were made to implementation by these officers and their bosses which has brought conflicts of interest.
